Punch Studios is a dynamic and progressive music company offering a range of inspiring and fun services for the development of youth music in East Anglia

What the pupils, teachers and parents think...

“Punch Studios Rock School was an invaluable experience for the pupils of Northgate and was thoroughly enjoyed by all who took part. The project gave a real confidence boost to many of the pupils and they were able to overcome their fears of performing in front of an audience. Pupils learnt important skills such as communication within an ensemble and worked together to produce a fantastic concert at the end of the project which ended on a real high!”

Chloe Salmon – Head of Music Northgate High School Ipswich

“An invaluable resource for the local community in Ipswich Town and the wider Suffolk community. They are skilled professionals genuinely interested in providing a high quality learning experience within a fun and welcoming environment. I would recommend the studios and the guys, they were fantastic and an integral part of our project.”

Helen Baggett - Associate Director Gecko Theatre Company

“Thank for a successful and highly enjoyable experience. The session ran very smoothly and we were able to achieve great results in a short amount of time. I was very impressed with the skill and professionalism of the guys. Their attitude and manner with the group of excited young people was exemplary and they took the time to answer questions about their work, inspiring and encouraging the group to continue exploring their own creativity. In my opinion, this approachability goes a long way to cultivate a successful business. The space is pleasant to work in and is a good creative environment where ideas can flow. It is a place which provides quality solutions for professionals and nurtures new talent, providing training, opportunities and access for the community. All the best.”

Dave Price – Drummer/Percussionist/Producer-Aqualung & Regina Spektor
